EXTROL

The Deep Drawn Difference.

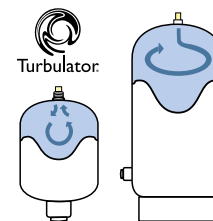

Deep Drawn Construction

- Deep Drawing the domes doubles the strength of the steel.
- Half the welds vs. head & shell reducing potential leak paths.
- Integral diaphragm design features a unique hoop ring and groove configuration that securely locks together the diaphragm and domes.
- Industry's smallest footprint fits tight mechanical room spaces.
- In-line models feature end-mounted charging valve for easy air adjustments.

Patented Turbulator®

- Agitates incoming water to flush debris that can abrade the diaphragm.
- Helps extend the life of the tank.
- Featured in all diaphragm tank models.

ULTIMATE IN PERFORMANCE

CB Supplies VIPERT Potable & Barrier PE-RT Tubing offers industry leading performance with improved flexibility, lowest Greenhouse Gases (GHG) emission footprint and tubing is 100% recyclable, all backed by a 25-year warranty that is not compromised by your connection choices.

INDUSTRY LEADING FLEXIBILITY FOR EASIER & FASTER INSTALLATION

With relaxed memory you'll experience less spring back than PEX for easier and faster installations

100% RECYCLABLE & LOWEST GHG EMISSIONS

VIPERT is 100% recyclable, requires less energy to produce compared to PEX tubing, contributing to lowest GHG emissions footprint

EXPAND, CRIMP OR PUSH VIPERT TUBING

VIPERT Potable and Radiant is flexible for your preferred tubing methods by expanding, by crimp or with push style fittings, VIPERT does it all!

NO NONSENSE 25-YEAR WARRANTY

We stand behind our VIPERT with a transparent 25-year warranty regardless of fitting systems installed

STRENGTH, DURABILITY & BUILT FOR EXTREME TEMPERATURES

Exceeds all standards with exceptional hydrostatic strength at high temperatures and burst pressures, maintains excellent flexibility in both cold and hot environments

EASY LINE IDENTIFICATION BY COLOUR

Red, White and Blue choices for Potable and VIPERT green for Barrier, available tubing sizes: 3/8" through 2"

INSPIRE LASTING IMPRESSIONS

The all-new Lemora® collection brings style with substance. This soft contemporary collection draws upon nature's inspiration with an ideal blend of clean lines with subtle arcs and edges.

- WaterSense® certified, 4.8Lpf High-Efficiency Toilet with a MaP® score of 1000 grams
- QuietClean™ Flush System delivers quiet operation and spotless, sparkling bowl

Gerber manufactures tried and true, high-quality kitchen and bathroom plumbing products that deliver style and long-lasting performance at an affordable price.

We have made the exciting decision to migrate all Danze® by Gerber products under the Gerber brand. Danze® by Gerber products have told their story through inspired designs and attainable expression of style for over 20 years. And, for nearly a century, the Gerber brand has built a heritage of trust based on the endurance of our products and our relationship with industry professionals. Taking the best of both brands brings a refreshed and elevated approach, paving the way for a unified, simplified, and fortified Gerber brand.

The Kinzie® collection spans many product options for a complete look including, pre-rinse, pull-down, and pull-down prep faucets, as well as a wall-mounted pot filler featuring an articulating arm for long reach and compact storage. Our pre-rinse single handle faucet as pictured features:

- Spring-Action Spray Wand Docking
- Integral Check Valve for backflow prevention
- 360° Swivel Spout

GERBER®

gerber-ca.com

THE PROOF IS IN THE PERFORMANCE

- Flexibility and durability allows for simple routing through complex building structures and designs
- CAN/ULC S102.2 25/50 Compliant
- Reusable fittings and approved for wall concealment
- Pre-marked by the foot for easy measuring and installation

MAKE EVERY INSTALLATION EASIER AND SAFER

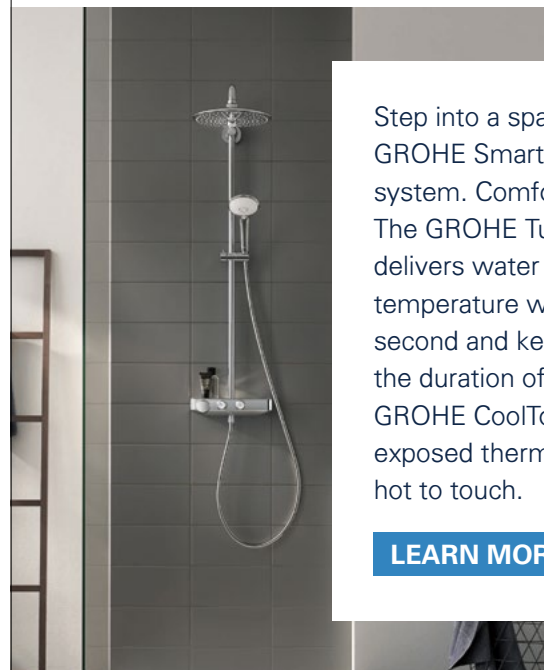

With the Jacket Stripping Tool, you can quickly and correctly remove the protective jacket layer before connecting an XR3™ fitting. The Jacket Stripping Tool replaces your utility knife by taking the guesswork out of counting corrugations and cutting down to the correct depth and ONE tool can be used for TWO different sizes of CSST.

Shower Wall Panels

Fully install in less than a day. No grout. No mess. No hassle!

Utile is an innovative shower wall solution that provides sophisticated styling without the hassle of tiling. Thanks to its mistake-proof Ulock system, the Utile wall panels can be installed quickly, in just one day with direct-to-studs installation. Utile is also grout-free, eliminating grout maintenance, periodic repair and reducing the risk of leaks.

For your everyday lighting needs, RAB Design offers an extensive line of products ranging from Area Lights, Wall Lights, Landscape Lights, and more.

AREA LIGHTS

WALL LIGHTS

LANDSCAPE LIGHTING

It doesn't end there. We also design **custom solutions** to address the most **unique lighting challenges**.

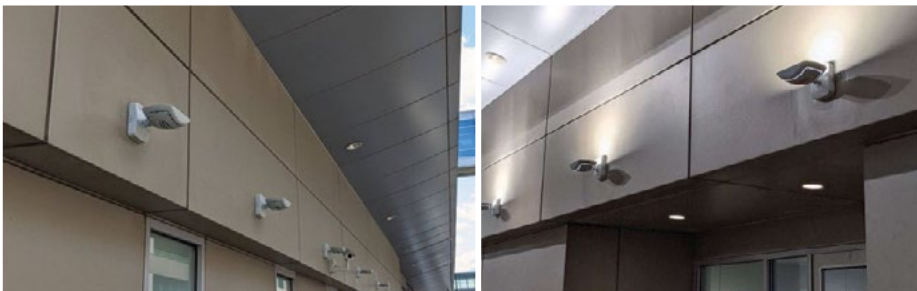

Whether it be a simple **paint finish customization** or **creating a mounting solution** for a specific application, RAB Design works to find the best solution for you.

CASE STUDY Custom LED Upgrade Project

A University Campus required a custom LED solution to replace 20 existing 150 Watt Metal Halide pendant mount fixtures that provided indirect lighting.

RAB Design's Engineering Team designed a custom luminaire using ORA-LED fixtures with a **custom pendant backbox**, and **Dove Grey finish** to match the canopy structure.

A few months later, the Customer purchased more fixtures to use as wall packs. The fixtures were painted Dove Gray to maintain the same consistent look around the campus.

Please visit rabdesign.ca or reach out to your Bartle & Gibson Sales Representative to learn more.
